The Escape: Miami

The oceanfront party complex **Nikki Beach** is a great place to ogle other people's bodies, but for a private sunning experience, book one of the 27 rooftop terrace suites at the **Hotel de Soleil** (from \$429; desoleilsouthbeach.com)—soon to be renamed **Z Ocean Hotel South Beach**. Each features a spiral staircase leading to a 600-square-foot terrace outfitted with a hot tub and wet bar. Very romantic. After watching the sun set, grab a bite a few blocks down **Collins Avenue** at the Pan-Asian **Setai** or at the cramped but *Über*-hip **Bond St Lounge** on the lower level of the **Townhouse hotel**. When the night turns to drinking and dancing, try the **Louis**, a model-frequented lounge at the **Gansevoort South**.
