

In the heart of Miami's South Beach Art Deco district is the all-suite Z Ocean Hotel, one of the city's most glamorous and ultra-luxurious boutique hotels. Located directly on Ocean Drive, it's hard to find a better location if you want to be where the action is both day and night.

Each of the 79 lavishly appointed suites — designed by the internationally renowned firm of Arquitectonica — boasts floor-to-ceiling windows and glass doors, genuine Jerusalem marble floors, dark mahogany furnishings, artwork that celebrates the local culture, and plush king-sized beds outfitted in luxury linens and overstuffed pillows. Every suite features a European kitchen with stainless-steel and nickel-plated appliances, granite countertops, a mini-bar and wet bar, an espresso machine, and more. Additional amenities include a Bose 3•2•1® surround-sound stereo system with DVD player and two 32 LCD flat-screen TVs. Bathrooms are chic and versatile, with frosted glass-and-nickel sliding doors that divide the space into two separate generously lit vanity areas and a water closet. Every suite also features an oversized terrace with a table and chairs for four to dine al fresco, two chaise lounges, and a separate cocktail table.

In addition, 27 Rooftop Terrace Suites include 11 amazing oceanview suites, each with butler service and a private 600-square-foot terrace with its own Roman tub, wet bar, and dining area, wicker lounging bed, outdoor surround-sound stereo system with MP3 player connection, a perimeter of lush

landscaping, an adjustable remote-controlled privacy awning, and endless views of South Beach.

Locals will tell you that the hotel's famous Table 8 restaurant is the place to see and be seen. Featuring the cuisines of celebrity chef Govind Armstrong, the restaurant serves sumptuous regional creations with a Californian twist in a chic and inviting atmosphere. Signature dishes include a salt-roasted porterhouse steak and an über-popular lounge menu offering grilled-cheese sandwiches with pulled short rib and fried olives stuffed with chorizo.

Other hotel amenities include a VIP Club Pass to Mansion, Privé, and Opium Garden for every guest; a lobby bar and lounge with an outdoor terrace; a Lanai deck with a revealing glass-bottom pool, mosaic waterfalls, lounging terrace bar, and Roman hot tub; a 650-square-foot Private Wine Room that seats 20; and an open-air fitness center with treadmills and cardiovascular equipment.

Within walking distance from Z Ocean Hotel are the trendy shops on Lincoln Road, other top restaurants, the historic Art Deco district, the world-famous South Beach, and more. In close proximity to the hotel are Miami and Fort Lauderdale-Hollywood international airports. And of course, the hotel is convenient to cruise passengers embarking at the Port of Miami and/or Fort Lauderdale's Port Everglades.
